

WORKSHOPS

GOOGLE CLOUD & DATA ANALYTICS

Whether it concerns the basics of the Google Cloud Platform (GCP) and data analytics or creating an architecture outline and building a data warehouse: Our cloud experts and data analysts can help you integrate and use Google Cloud. The training sessions are always individually tailored to your company and its specific use case – and create longterm added value.

1 START

FOUNDATION & EVALUATION

Would you like to know how your business can benefit from the cloud?

Through these workshops, you'll gain foundational knowledge and a roadmap for the next steps to come.

Cloud Start Workshop

You'll learn the basics of Google Cloud and come to understand what the GCP can do for your business. Together, we discuss opportunities, feasibility and challenges – and identify initial cloud projects.

Target Groups:

CEO, CTO, CIO, CDO, DevOps, Product Owners, Specialist Fields

Cloud Start Data Analytics Workshop

You'll learn the basics of Google Cloud and come to understand what the GCP can do for your business. Together, we discuss opportunities, feasibility and challenges – and identify initial cloud projects.

Target Groups:

Data Analysts, CTO, CIO, Data Engineers, DevOps, Data Scientists, Product Owners
